PROFESSIONAL EXPERIENCE

IP Coordinator April 2026 - Present
Smart & Biggar LLP

- Manage patent maintenance fees, annuities and related deadlines, monitoring upcoming requirements and coordinating completion of time sensitive actions.
- Review and process CIPO correspondence and other IP related documents, identifying deadlines and required follow up actions.
- Maintain accurate matter information within internal docketing and document management systems like on Anaqua and iManage.
- Review and process CIPO correspondence and other IP documentation, ensuring information is accurately recorded, diarized and routed to the appropriate lawyer or team member.
- Prepare, process, research and organize legal and IP documentation while maintaining strict confidentiality of client information and proprietary intellectual property matters increasing team's efficiency.
- Liaise with lawyers, clients and internal teams regarding patent prosecution requirements, deadlines, documentation and status updates.
- Process client billing and payment submissions through internal billing systems, ensuring accurate matter and financial information.
- Manage competing priorities and time sensitive IP matters in a high volume, deadline driven environment all before tentative deadlines and keeping client updated.

Senior IP Admin Analyst/ Sr. Legal Assistant April 2024 - July 2025

Clarivate Inc. (CPA GLobal)

- Managed high volume legal files involving filings, prosecution, renewals, recordals, correspondence and statutory deadlines.
- Supported multinational clients like P&G, J&J in the management of international intellectual property portfolios across multiple jurisdictions.
- Analysed trademark logos and did all the search for the clients before carrying further prosecution.
- Trained and supported new team members on internal systems, processes, quality standards and portfolio management procedures.
- Provided day to day guidance to team members on process requirements, documentation and system workflows.
- Conducted quality reviews to identify discrepancies, incomplete information and potential deadline or compliance risks.
- Analyzed incoming correspondence and portfolio information to determine required actions and prioritize time sensitive work.
- Maintained confidential and sensitive client information in accordance with established procedures and professional standards.
- Shared process knowledge and best practices with colleagues to support consistency and quality across the team.

IP Admin Analyst/Legal Assistant March 2022 - March 2024

Clarivate Inc. (CPA GLobal)

- Maintained and monitored daily docketing systems, diaries, and due date reports, initiating appropriate action to meet all statutory and internal deadlines.
- Proficient in producing, formatting, and proofreading legal materials like filing receipt, registration certificate, POAs etc. maintaining high clerical standards and demonstrating attention to detail.
- Leveraged Microsoft Office proficiency and quickly adapted to new software, supporting efficient office operations.
- Reviewed IP Office correspondence, legal documentation and portfolio information to determine required actions, identify discrepancies and coordinate timely follow-up.
- Adapted to changing priorities, processes and client requirements while maintaining accuracy and service standards.
- Managed multiple competing priorities in a fast paced, deadline driven environment.
- Demonstrated flexibility when priorities changed and coordinated with stakeholders to determine appropriate next steps.
- Quickly learned new systems, procedures and workflows across different roles and teams.
